

Riesling Schiefer Steillage

0,75 L

The Mosel region is known around the world for its steep vineyards along the banks of the river. This special topography and the slate soils give our Riesling a certain minerality which is typical for wines produced on these steep slopes (Steillage in German). The wine's bouquet is characterised by citrus and green apple aromas. The balance between the wine's gentle sweetness and its animating acidity make this authentic Mosel Riesling a mouthwatering treat for the palate. This is pure Riesling perfection.

Country of origin / region

Germany, Mosel
